MOTO LOCKS

On The Go

Squire is a family brand with great history which has been carried down through eight generations. Over this time, the one thing that's kept us going is our ability to change with the world. It's with this in mind we're proud to present our Squire MOTO LOCKS range designed to keep your bike safe at the highest level.

We're a family business that began in the 1780s, making motorcycle security since the 1930s. We're proud of our craft and stand firmly behind our reputation for long-lasting toughness which is guaranteed. This is why I'm offering a personal 'no-quibble' 10 year guarantee on every product - you don't even need a receipt.

BEHEMOTH™ - THE ULTIMATE MOTORCYCLE SECURITY

Featuring the world's strongest production padlock

Motorcycle locks do not come any stronger than Behemoth™. This huge 100mm wide padlock weighs in at 4.5kg. It has two keys for extra security and combined with its massive 22mm diameter chain achieves SOLD SECURE MOTORCYCLE DIAMOND accreditation.

The padlock is made in Britain and holds many other industry accreditations such as LPCB Lev 4 and CEN Grade 6, making it the world's strongest production padlock.

MOTO LOCKS

NICK SANDERS MBE - MOTORCYCLE ADVENTURER Squire's Brand Ambassador

Endorsed by
Nick Sanders MBE

Nick Sanders

Squire's brand
ambassador

Nick Sanders MBE is a legend in the extreme motorcycling world.

He's the fastest man to circum-navigate the globe by motorcycle, having ridden around the world seven times in two world records, and motorbiked the length of the Americas eight times.

As Squire's global brand ambassador for motorcycle security, Nick is testament to our 'toughness guaranteed' spirit.

Nick's adventures will see Squire security products tested to the limits in some of the toughest, harshest environments.

If it's 'Nick proof', it's tough enough for anyone.

Nick says: *"I've ridden around the world nine times, nearly a million kilometres by motorbike and bicycle, and that feels authentic. So being supported by one of the oldest lock makers in the world feels right."*

"When I'm locking my bike in all corners of the world, the most important thing is to make sure the bike doesn't get stolen. Without that the project ends. To have Squire behind me is a real sense of pride."

GARAGE SECURITY

MOTO LOCKS

At Home

Garage doors are often a weak spot in your overall motorcycle security plan. Both up and over doors and double garage doors can provide a vulnerability, taken advantage of by thieves. Squire's garage security systems offer front line defence and a sensible extra measure for making sure your motorcycle is as safe as it can be.
